**MEMORANDUM FOR: Project Security Officer**

**SUBJECT : Travel Authorization for** [REDACTED]

1. In reply to your memorandum dated 9 April 1956, reference - SAPC 5029, regarding a [REDACTED] you are advised that it is my opinion that the individual should be completely integrated into Eastman-Kodak Company and should conduct himself as though he were in fact nothing more or less than an Eastman employee. It is inconceivable that he would ever be called upon to make a trip, whereby provisions for his travel would not readily be made by Eastman. If there should ever be a case where a problem would exist in this respect the undersigned should be promptly notified in order that satisfactory arrangements may be concluded for the required trip.

2. I appreciate your interest concerning the saving that may accrue by virtue of the Project paying his travel direct instead of handling through the company involved; however, this saving in our opinion would be more than offset by the danger that may be involved by employees of the company asking questions as to why this employee travels under different arrangements than other individuals with whom he may be working.
